INVITATION

Dear Colleague

We take this opportunity to announce and invite you to the Annual Gold Coast International Mental Health Conference and the Annual Psychiatry and Psychology Clinical Skills Update Workshop on the Gold Coast from the 17th to 20th October 2002. It was decided that for 2002 the Gold Coast International Conference and the Psychiatry and Psychology Clinical Skills Update workshop would be combined to maximize participation.

The programs for each are similar in structure to the very successful Depression 2000 and Anxiety & Trauma 2001 Conferences held on the Gold Coast and the Psychiatry and Psychology Clinical Skills Update Workshops held at the Hyatt Cooloom in 1999 and 2001.

Topics of the Clinical Skills Update workshops on Thursday 17th and Friday 18th will address the increasingly prominent field of the Moods - Stress, Anxiety and Depression. The emphasis will be on the development of best practice clinical skills and audience participation.

Topics of the Annual Gold Coast International Mental Health Conference 2002 will cover the theme of mental health in the transition from adolescence to young adulthood. The conference is designed to provide clinical updates and reviews, to impart therapy skills and to provide an opportunity for professionals to interact and network.

The faculty of invited speakers includes respected experts from around Australia drawn from the major supporting universities including Bond University, Griffith University, The University of Melbourne, The University of Queensland and The University of Sydney, .

We look forward to seeing you there.
