# About our Speakers

# About our Speakers

# Registration Form

'Focus on Carers' is our key event for National Carers Week in South Australia. The Conference aims to provide a forum for Carers, service providers, professionals and the government to consider how the community, agencies and organisations can be more responsive to Carers.

With the current Generational Health Review occurring in South Australia this conference provides a timely opportunity to facilitate the growing awareness of the role of Carers as key partners in the delivery of care in our community.

Past work has identified the needs of Carers, now we need to identify policies and strategies that can be implemented to truly support Carers into the future.

The Registration Form is enclosed and we encourage you to return it as soon as possible in order to ensure your place at this important Conference.

We look forward to seeing you there.

**Helen Rayner**  
President  
Carers Association of SA

'Focus on Carers' Organised by the Carers Association of SA as a Carers Week Initiative 2002

Patron: Her Excellency Marjorie Jackson-Nelson, AC MBE, Governor of South Australia

**Don Hoggood**  
Don Hoggood will present the 2002 Carer Oration. Don Hoggood (AO-1994) was Deputy Premier from 1985 to 1992. His Ministerial portfolios included education, environment and health. Don was for some time a Carer for his wife Raelene, and in a sense he still is, although Raelene is sufficiently recovered from her acute health care needs. Don is now retired and amongst other things teaches seniors about astronomy.

**Monsignor David Cappelletti**  
David is Vicar General of the Catholic Archdiocese of Adelaide and Chair of the Social Inclusion Board of the South Australian Government. David's past appointments include time as National Director of the Australian Catholic Social Welfare Commission from 1992-1995.

**John Rogers**  
John is a Carer, Vice President of the Carers Association and is a Grand Almoner of the Freemasons SA & NT. John cares for his wife.

**Penny Banks**  
Penny has provided leadership at the UK Kings Fund to improve services for Carers. She managed a national program called Carers Impact, developed quality standards for Carer support services as part of the Government's National Strategy for Carers and analysed the use of special Government funding allocated to local authorities to provide breaks for Carers. In her current role Penny is leading work at the UK Kings Fund on health and social care partnerships in London to improve services to older people. Penny is also responsible for a new joint development program to address the needs of black elders and a project to promote the social inclusion of older people. Penny is on the planning group of a newly formed European network concerned with improving integrated care for older people.

**Rosemary Wanganeen**  
Rosemary is a respected healer in the area of loss and grief and works specifically in and with the Aboriginal Community.
